

## REGION XIII FALL CRC MOTIONS

Last Revised: 12/17/2010

### Hong Kong Chapter – Motion 22 (10/24/10):

That ASHRAE revise the membership application procedures so as to enable new ASHRAE members (including Members, Associates and Affiliates) to join the local chapter in Hong Kong and pay the chapter dues in the first year of membership.

**Defeated because Society would need to have the vendor reprogram the system and this would be too expensive. Also, the chapter would miss the chance to contact the member and encourage them to participate and give info on the chapter events.**

### Malaysia Chapter – Motion 42 (10/24/10):

That ASHRAE HQ **commence a study** with respect to membership affordability in countries outside US-Canada, in respect to **membership growth**. This is to prevent exclusion of talents due to affordability issues.

**Defeated because the Membership Promotion Committee studied this extensively before determining using the World Bank designation and has done a thorough job on the economic factor. The fiscal impact could result in a decrease in member fees.**

---

### Hong Kong Chapter – Motion 37 (10/25/09):

That Society consider to move forward the ASHRAE Online Education Program's time or arrange some programs to 9am and 12noon EDT (9pm and 12 midnight = HK time zone).

**Withdrawn.**

---

### Hong Kong Chapter – Motion 22 (10/25/08):

That Society combine the payment of Society dues and chapter dues together for annual renewal of membership.

**Defeated because this would change policy, if this became mandatory the BOD would have to set the chapter dues for all chapters.**

### Malaysia Chapter – CRC Motion 2:

That Society encourages all members worldwide support from chapters to attend the IAQ 2010 Conference by:

- 1.) Sending a minimum of 3 participants from each chapter in Region XIII to participate in this event.
- 2.) Encouraging participants from all chapters from outside of Region XIII.

**Withdrawn and substitute motion applied:**

### Motion 23 (10/25/08):

That Society encourage all members from all chapters to attend the IAQ 2010 Conference.

**Approved.**

---

**Singapore Chapter – Motion 32 (09/21/07):**

That Australia and New Zealand remain in Region XIII.

**Approved.**
