# smartstart program

graduate. transfer. succeed.  
[ashrae.org/smartstart](http://ashrae.org/smartstart)

## What is the smartstart program?

Simply put, it's the best way for ASHRAE student members to continue receiving the many member benefits of ASHRAE after finishing college.

## How does it work?

1. The first year out of college annual membership is \$20.
2. Then it is only \$50 for the second year and \$50 for the third year.
3. You save up to \$420 and get three years of membership for \$120. (\$20-\$50-\$50)

## When you transfer from Student Membership to Regular Membership you gain access to the following essential ASHRAE member benefits:

- The ASHRAE Handbook — the indispensable, industry-wide resource for all HVAC&R professionals
- ASHRAE Journal — this monthly resource is the most trusted technical magazine in the HVAC&R community
- High Performing Buildings — the quarterly magazine for innovation in building technology design and operation (electronic version only)
- ASHRAE Insights — the monthly newsletter of key Society news and activities
- HVAC Industry News — a weekly news resource keeping ASHRAE members abreast of the latest industry news and information
- Access to more than 300 of the industry's leading technical publications
- Access to online education, webcasts and professional education classes
- Online training
- Professional certification
- Critical industry research
- Tremendous networking opportunities through chapters and committees
- Career services

## why transfer?

real students.  
real reasons.

### William Mak Chicago, Illinois

B.S. in Architectural Engineering,  
Milwaukee School of Engineering

### Why an engineering career in HVAC&R?

I wanted to pursue an industry that related energy usage, buildings and people.

### What has ASHRAE meant for your career?

Through ASHRAE, I have developed valuable connections with people in the field locally and the technical database that comes with membership is priceless. In addition, by getting involved with Young Engineers in ASHRAE (YEA), I have been able to network with other people in the industry in my age group and at a similar place in their career.

### Advice to students

Take advantage of resources, discover what you are passionate about and get outside of your comfort zone once in a while. The more you get involved with ASHRAE, the more you will get back in return.
