

VENTILATION 2022: LIVESTREAM SCHEDULE

Session Date	Session Title	Start Time	End Time
6/22/2022	Keynote 1: The 21st Century Colleague	8:30 AM	9:30 AM
6/22/2022	Conference Paper Session 1	9:30 AM	10:30 AM
6/22/2022	Workshop 1: Future Global Directions and Opportunities in the Industrial Ventilation Field (Fully Virtual)	11:00 AM	12:30 PM
6/22/2022	Distinguished Professor Lidia Morawska, PhD	12:45 PM	1:45 PM
6/22/2022	Conference Paper Session 8 (Fully Virtual)	2:00 PM	3:30 PM
6/22/2022	Seminar 9: Oil & Gas Facilities HVAC Engineering & Design	2:00 PM	3:30 PM
6/22/2022	Workshop 6: Case Studies in Local Exhaust Ventilation and Ventilation for Hazardous Spaces	4:00 PM	5:30 PM
6/23/2022	Keynote 2: Building Operational Decarbonization	8:30 AM	9:30 AM
6/23/2022	Conference Paper Session 11	9:30 AM	10:30 AM
6/23/2022	Seminar 14	11:00 AM	12:30 PM
6/23/2022	Workshop 4: Advanced Airflow Distribution Methods for Reducing Exposure to Indoor Pollution and Cross Infection (Fully Virtual)	11:00 AM	12:30 PM
6/23/2022	Distinguished Lecturer: Ventilation for Airborne Infection Risk Mitigation – What We’ve Learned from the Covid-19 Pandemic	12:45 PM	1:45 PM
6/23/2022	Conference Paper Session 16: Ventilation Processes from Workshops, Hoods to Public Spaces (Fully Virtual)	2:00 PM	3:30 PM
6/23/2022	Seminar 18: Measuring IAQ, and Energy Recovery Design	2:00 PM	3:30 PM
6/23/2022	Workshop 2: Connecting Industrial Exposures to Practical Industrial Ventilation Controls	4:00 PM	5:30 PM
6/24/2022	Keynote 3: How Did AI That is Used to Beat Humans at Games Reduce Data Centre Cooling Costs By More Than 10%?	8:10 AM	9:00 AM
6/24/2022	Conference Paper Session 19	9:10 AM	10:10 AM
6/24/2022	Conference Paper Session 23	10:30 AM	12:00 PM
