

**Errata to**  
***Advanced Energy Design Guide for Highway Lodging***  
**January 4, 2010**

- Page 73:** Section EL10 refers readers to EL19 for more information on vacancy sensors; it should actually refer readers to **EL9**.
- Page 39:** In the “Roof” row under the column heading “Component,” “Metal building” should read “**Attic and other.**”
