PUBLIC REVIEW—CALL FOR COMMENTS

Constructive comments are invited for the following Public Review Drafts, which can be accessed on ASHRAE's website. All activity for reviewing and commenting on public review drafts can be accomplished completely online at <https://osr.ashrae.org>. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 1791 Tullie Circle, NE, Atlanta, GA 30329-2305, or via email at: standards.section@ashrae.org. Paper copies are \$35.00/copy if 100 pages or less and \$45.00 if over 100 pages.

30-day Public Review from December 7, 2018—January 6, 2019

- ♦ **2nd Public Review of ASHRAE Addendum a to ASHRAE Guideline 28-2016, *Air Quality within Commercial Aircraft***

The purpose of this addendum is to clarify the test criteria for HEPA filters in Section 8.1.2.4 (Respirable Particulate Matter) and to add/update the relevant references in Section 9 (References).

- ♦ **2nd Public Review of BSR/ASHRAE Addendum d to ANSI/ASHRAE Standard 161-2018, *Air Quality within Commercial Aircraft***

This proposed addendum updates the referenced filter types in Section 6.3.1 (Recirculated Air Quality) and adds/updates the respective references in Section 11 (References).

- ♦ **2nd Public Review of BSR/ASHRAE Addendum e to ANSI/ASHRAE Standard 161-2018, *Air Quality within Commercial Aircraft***

This proposed addendum removes the hyphen in "high efficiency" in reference to HEPA filters and tempers the statement regarding whether HEPA filters remove bacteria and viruses, all in Section A4.8 (Bacteria and Viruses).

45-day Public Review from December 7, 2018—January 21, 2019

- ♦ **2nd Public Review of BSR/ASHRAE Standard 221P, *Test Method to Field-Measure and Score the Cooling and Heating Performance of an Installed Unitary HVAC System***

PUBLIC REVIEW—CALL FOR COMMENTS

The purpose of ASHRAE Standard 221P is to prescribe a field evaluation and test method to measure and score the performance, in terms of delivered cooling or heating capacity, or cooling efficiency, of an installed unitary HVAC system.

CALL FOR MEMBERS

A *Call for Members* is announced for the project committees listed below. Persons who are interested in serving on these ASHRAE committees are asked to indicate their interest and obtain the necessary membership forms by clicking on the following link:

<http://www.ashrae.org/standards-forms-procedures> or by contacting Steve Ferguson at: ASHRAE, 1791 Tullie Circle, N.E., Atlanta, GA 30329; phone: 678-539-1138; fax: 678-539-2138; email Standards.Section@ashrae.org.

- ♦ **SPC 79, Method of Testing for Fan-Coil Units**

1. PURPOSE: The purpose of this standard is to prescribe laboratory methods of testing for fan-coil units to ensure uniform performance data for establishing ratings.

2. SCOPE:

This standard includes procedures that:

- describe and specify test instruments and apparatus,
- describe and specify laboratory test methods and procedures,
- describe and specify test data to be recorded,
- describe and specify calculations to be made from test data,
- define terms used in testing, and
- specify standard thermodynamic properties.

Note: SPC 79 is interested in obtaining members representing the User interest category.

- ♦ **SPC 110, Method of Testing Performance of Laboratory Fume Hoods**

1. PURPOSE: This standard specifies a quantitative and qualitative test method for evaluating fume containment of laboratory fume hoods.

STANDARDS ACTIONS

CALL FOR MEMBERS

2. SCOPE:

2.1 This method of testing applies to conventional, bypass, auxiliary-air, and VAV laboratory fume hoods.

2.2 This method of testing is intended primarily for laboratory and factory testing but may also be used as an aid in evaluating installed performance.

Note: SPC 110 is interested in obtaining members representing the User interest category.

- ♦ **SPC 152, Method of Test for Determining the Design and Seasonal Efficiencies of Residential Thermal Distribution Systems**

1. PURPOSE

This standard prescribes a method of test to determine the efficiency of space heating and/or cooling thermal distribution systems under seasonal and design conditions. The objective is to facilitate annual energy calculations and heating and cooling equipment capacity calculations.

2. SCOPE

2.1 This standard applies to single-family detached and attached residences with independent thermal systems.

2.2 This standard applies to air, hydronic, refrigerant, and electric distribution systems.

Note: SPC 152 is interested in obtaining members representing the General and User interest categories.

INTERIM MEETINGS

- ♦ **SPC 84-2013R, Method of Testing Air-to-Air Heat/Energy Exchangers**, will hold a conference call on Monday, December 17, 2018 from 11:00 am to 12:30 pm (Eastern). For additional information contact Matthew Friedlander, Chair of SPC 84 (mfried@renewaire.com).
- ♦ **SPC 170, Ventilation of Health Care Facilities**, will hold a conference call on Wednesday, December 19, 2018 from 3:00 pm to 5:00 pm (Eastern). For additional information contact Michael Sheerin, Chair of SSPC 170 (michael.sheerin@tlc-eng.com).

STANDARDS ACHIEVEMENT AWARD

Each year the Society recognizes the outstanding efforts of a single volunteer in the area of ASHRAE standards and guidelines development. The Standards Achievement Award recognizes excellence in volunteer service and serves to heighten general membership awareness of, and interest in, standards activities.

The award is open to ASHRAE members who have demonstrated outstanding achievement in the development of ASHRAE standards and guidelines based on criteria presented in Appendix B of the Standards Committee Reference Manual, which can be found on the ASHRAE website at: <http://www.ashrae.org/standards-forms-procedures>.

Nominations are solicited during the first half of the Society year. Standards Committee will review all nominations meeting the minimum criteria and select the recipient at the ASHRAE Winter Meeting in Atlanta.

The Standards Achievement Award will be presented during the Honors and Awards portion of the Plenary Session at the ASHRAE Annual Meeting in Kansas City. A plaque and lapel pin will be presented to the recipient by the ASHRAE President.

Please submit your nomination to the Manager of Standards (sferguson@ashrae.org) by December 31, 2018. The nomination form can be found listed under the "Other Forms" heading on the ASHRAE website at: <http://www.ashrae.org/standards-forms-procedures>.

INTERIM MEETINGS

A complete listing of project committee interim meetings is provided on ASHRAE's website at: <https://www.ashrae.org/technical-resources/standards-and-guidelines/project-committee-interim-meetings>.

SSPC 15, Safety Standard for Refrigeration Systems, will hold a conference call on Wednesday, December 19, 2018 at 3:00 pm (Eastern). **Standard 15.2P, Safety Standard for Air-conditioning and Heat Pump Systems in Residential Applications**. The 15.2 Subcommittee of SSPC 15 currently developing Standard 15.2P will hold a conference call on Thursday, December 13, 2018 from 2:00 pm to 4:00 pm (Eastern). For additional information contact Brian Cox (bcox@ashrae.org).
