

STANDARDS ACTIONS

PUBLIC REVIEW—CALL FOR COMMENTS

Constructive comments are invited for the following Public Review Drafts, which can be accessed on ASHRAE's website. All activity for reviewing and commenting on public review drafts can be accomplished completely online at <https://osr.ashrae.org>. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 1791 Tullie Circle, NE, Atlanta, GA 30329-2305, or via email at: standards.section@ashrae.org. Paper copies are \$35.00/copy if 100 pages or less and \$45.00 if over 100 pages.

**45-day Public Review from
November 2, 2018 – December 17, 2018**

- ♦ **3rd ISC Public Review of ASHRAE Guideline 12-2000R, Managing the Risk of Legionellosis Associated with Building Water Systems.**
This independent substantive change to the previous public review draft reflects input from comments received during the second public review.

ERRATA

New errata sheets for the following standards are now available on the ASHRAE website at <http://www.ashrae.org/standards-errata>.

- ♦ **ANSI/ASHRAE/IES Standard 90.1-2013 (I-P Edition), Energy Standard for Buildings Except Low-Rise Residential Buildings**, dated October 29, 2018. This replaces the version dated July 7, 2017.
- ♦ **ANSI/ASHRAE/IES Standard 90.1-2013 (SI Edition), Energy Standard for Buildings Except Low-Rise Residential Buildings**, dated October 29, 2018. This replaces the version dated July 7, 2017.
- ♦ **ANSI/ASHRAE/IES Standard 90.1-2016 (I-P Edition), Energy Standard for Buildings Except Low-Rise Residential Buildings**, dated October 29, 2018. This replaces the version dated September 26, 2017.
- ♦ **ANSI/ASHRAE/IES Standard 90.1-2016 (SI Edition), Energy Standard for Buildings Except Low-Rise Residential Buildings**, dated October 29, 2018. This replaces the version dated July 7, 2017.

CALL FOR MEMBERS

A *Call for Members* is announced for the following PCs. Persons interested in serving on these ASHRAE committees are asked to complete and submit the necessary membership forms by clicking on the following link <http://www.ashrae.org/standards-forms-procedures> or by contacting Steve Ferguson at: ASHRAE, 1791 Tullie Circle, N.E., Atlanta, GA 30329; phone: 678-539-1138; fax: 678-539-2138; email Standards.Section@ashrae.org.

- ♦ **SPC 133, Method of Testing Direct Evaporative Air Coolers**

1. PURPOSE: This standard establishes a uniform method of laboratory testing for rating packaged and component direct evaporative air coolers.

2. SCOPE:

2.1 The scope of this standard covers a method of testing for rating the saturation effectiveness, airflow rate, and total power of packaged and component direct-evaporative air coolers.

2.2 Covered tests also include methods for measuring static pressure differential of the direct evaporative air cooler, density of the air, and speed of rotation of the fan.

2.3 This standard requires that packaged and component direct evaporative air coolers are simultaneously tested for airflow, total power, and saturation effectiveness.

2.4 The ratings resulting from application of this standard are intended for use by manufacturers, specifiers, installers, and users of evaporative air cooling apparatus for residential, commercial, agricultural and industrial ventilation; air cooling applications; and for commercial, industrial, and agricultural processing applications.

Note: SPC 133 is especially interested in obtaining members representing the User interest category.

STANDARDS ACTIONS

CALL FOR MEMBERS

♦ **SPC 143, Method of Test for Rating Indirect Evaporative Coolers**

1. PURPOSE: This standard provides test procedures and calculations for establishing the cooling capacities and power requirements for indirect evaporative cooling equipment.

2. SCOPE:

2.1 This standard covers testing under steady-state conditions for rating of indirect evaporative coolers that:
(a) sensibly cool a primary airstream through heat exchanger(s) by the evaporation of water into a secondary airstream, and
(b) are self-contained or are components of packaged systems.

2.2 This standard does not cover
(a) devices that use mechanical refrigeration or thermal storage to cool the primary airstream, the secondary airstream or the water provided for evaporation, or
(b) devices that dry the primary or secondary airstream.

Note: SPC 143 is especially interested in obtaining members representing the User interest category.

STANDARDS ACHIEVEMENT AWARD

Each year the Society recognizes the outstanding efforts of a single volunteer in the area of ASHRAE standards and guidelines development. The Standards Achievement Award recognizes excellence in volunteer service and serves to heighten general membership awareness of, and interest in, standards activities.

The award is open to ASHRAE members who have demonstrated outstanding achievement in the development of ASHRAE standards and guidelines based on criteria presented in Appendix B of the Standards Committee Reference Manual, which can be found on the ASHRAE website at: <http://www.ashrae.org/standards-forms-procedures>.

STANDARDS ACHIEVEMENT AWARD

Nominations are solicited during the first half of the Society year. Standards Committee will review all nominations meeting the minimum criteria and select the recipient at the ASHRAE Winter Meeting in Atlanta.

The Standards Achievement Award will be presented during the Honors and Awards portion of the Plenary Session at the ASHRAE Annual Meeting in Kansas City. A plaque and lapel pin will be presented to the recipient by the ASHRAE President.

Please submit your nomination to the Manager of Standards (sferguson@ashrae.org) by December 31, 2018. The nomination form can be found listed under the "Other Forms" heading on the ASHRAE website at: <http://www.ashrae.org/standards-forms-procedures>.
