

# ASHRAE Technical FAQ

---

ID 95

---

Question Where can I find the criteria for an ASHRAE Level 1, Level 2 or Level 3 energy audit?

---

The ASHRAE publication [Procedures for Commercial Building Energy Audits](#) details the procedures for the various energy audit level procedures:

- I – Walk-Through Analysis
- II-Energy Survey and Analysis,
- III-Detailed Analysis of Capital-Intensive Modifications

The book includes a list of tasks associated with the various energy audit levels.

Answer [2015 ASHRAE Handbook – HVAC Applications](#), Chapter [A36](#), Energy Use and Management, includes a brief section on Surveys and Audits. The section very briefly describes energy audits, and provides a list of activities that each energy audit may include. The chapter references Mazzucchi 1992 ([ASHRAE Transactions 98\(1\): 1067-1080](#)) for more info.

The standard, handbook and all ASHRAE publications may be purchased and downloaded on-line at our website, [www.ashrae.org](http://www.ashrae.org) or by calling 1-800-527-4723 in the USA and Canada or 1-404-636-8400 worldwide.
