

ASHRAE Hardship Cases and Natural Disaster Relief Action

Hardship Cases (2.103.003.4)

Members Council shall be responsible for determining what constitutes a hardship case and provide guidance to staff for determination of special consideration with respect to dues and other member benefits, issues not covered by this guidance shall be ruled on by the chair of Members Council in consultation with staff. For more information, contact membership@ashrae.org.

ASHRAE Natural Disaster Relief Action (10/30/05)

Should a natural disaster occur, the DRC will determine which chapters/members in their respective region are affected and if relief is warranted. The DRC should notify ASHRAE and let staff know which chapters are affected, ASHRAE will then post the information via the ASHRAE website and through blast emails. The Natural Disaster Relief Action Plan will include waiving membership dues and replacing the current Handbook upon request. The DRC will make the final decision if a natural disaster occurs. For more information, contact membership@ashrae.org.
