6: The draft motion of motion #1 from the Fort Worth Chapter was presented by Joe Sanders, RMCR, discussed and voted upon. No amendments were made to the motion. The motion was made by the Fort Worth chapter, Mr. Scott West, and a second was offer by the Dallas chapter, Mr. Ermias Lamesgin. A discussion followed the motion. Art Geisler offered comments stating that the delegated and alternates were “getting too deep in the weed” and recommended that they vote on the motion, without amendments, and forward it to the membership council to work out the details since this was a motion to have society collect dues for dual chapter membership. The final motion was put up for a vote by Joe Sanders.

MOTIONS:

<u>Motion</u> <u>Number</u>	<u>Submitted</u>	<u>Seconded</u>
1	Fort Worth (070)	Dallas (067)

The Fort Worth Chapter moves that an additional membership designation/renewal option be made available on the ASHRAE society website allowing dual Chapter membership for members wishing to belong to more than one Chapter. New and renewing members will have the option of paying Chapter dues for both Chapters in the amounts equal to the sum of the prevailing individual Chapter dues rates for both Chapters involved. This change should take place on the ASHRAE membership webpage as quickly as possible once approved.

## Background Information:

There are several people that attend Fort Worth Chapter meetings more than once or twice a year but are Dallas Chapter members. These are people that are ASHRAE society members but opt for Dallas Chapter as their home Chapter. Since our Chapters are so close together geographically, and because we meet on different days of the month, many people want to attend both meetings. We estimate the people that belong to this group are about 60% equipment vendors and 40% consultants. For the equipment vendors, their sales territory often includes the whole Dallas/Fort Worth Metroplex, not just one side or the other. For consultants, they tend to pick and choose topics between the Chapters and attend the ones that are more relevant to their work or that suit their availability. In addition, there are numerous members that live in the mid-cities area in between Dallas and Fort Worth that are geographically close to both Chapters.

As of right now, when a new society member joins, or an existing member renews, they have to pick one primary Chapter on the society website. Dallas is a bigger city and HVA&R market, so most people that serve both markets opt for Dallas. Fort Worth Chapter has spoken with numerous ASHRAE members in this situation that like to regularly attend both Chapter meetings and most of them are fine with paying Chapter dues to both Chapters. The problem is that society will not collect for this. The Fort Worth Chapter has inquired with ASHRAE society staff about adding a dual member option, but they say they can't per existing membership rules. They insist that ASHRAE rules only allow a member to have one home Chapter.

This also impacts those wishing to serve as a Chapter chair or committee member but already belong to another Chapter, they can only choose one Chapter to belong to. This is a scenario that has happened to Fort Worth Chapter more than once. We should be encouraging additional ASHRAE participation at the local level rather than hindering it.

In the past, our Chapter treasurers used to accept one-off checks obtained from some members that wanted to belong to both Chapters. This was a manual, time-consuming process but it was workable. While society collecting Chapter dues on the webpage during the society membership renewal process was started as a convenience to Chapters, it has now become a necessity since we've moved over to StarChapter. StarChapter actually pings the ASHRAE society website database to verify that members are dues-paying, area-assigned members, for that specific Chapter, before it allows them to reserve an event ticket at member prices. The result of this new digital setup is that we no longer have an easy way of collecting Chapter membership dues for society members that have already selected a different Chapter as their home Chapter. The current situation is frustrating to ASHRAE members that want to belong to both Chapters because we have to tell them there isn't a convenient way. As a result, they either pay non-member ticket prices for each meeting they attend, or they simply don't attend events for our Chapter. We feel that the current membership renewal process is failing members in our area and results in missed opportunities for those wishing to engage with both Chapters.

## **GUIDELINE FOR CONDUCTING CHAPTERS REGIONAL CONFERENCES**

---

### **INSTRUCTIONS TO DELEGATE & ALTERNATE FOR CRC**

#### **Chapters Regional Committee Meeting**

There are four parts to the Chapters Regional Committee Meeting held in conjunction with the Chapters Regional Conference (CRC): the Orientation Session, the Caucus, the Business Session and the Executive Session. As a delegate or alternate, you will be involved in all four of these sessions.

#### **Orientation Session**

Open to all attendees, this session is held prior to the Caucus so that the Director and Regional chair can instruct the delegates and alternates on procedures and to advise them as to the regional and Society positions to be filled. During this session other non-caucus attendees can provide advice and counsel as specifically requested by a delegate or alternate. The attendance of delegates and alternates is mandatory.

#### **Caucus (Closed Session)**

This is an informal session. It is usually held at the beginning of the Chapters Regional Conference attended by only the delegates and alternates from the chapters, the regional Nominating Committee Member, the regional Nominating Committee Alternate and the regional Nominating Committee reserve alternate. The purpose is to provide a forum for the chapters to present and discuss their recommendations for candidates for regional and Society positions, Society committees, and regional and Society honors and awards. All discussions at the Nominating Committee meetings, caucus and executive sessions are confidential and shall not be divulged to any individual outside the meetings or sessions. The regional Nominating Committee Member chairs the session and the host chapter delegate is the secretary. Minutes of the Caucus are not to be published. During the Caucus, the delegates and alternates should present the biographies of the candidates who will be recommended for offices and/or honors and awards. Enough copies of the biographies should be available so that each person attending may have a copy. The two Nominating Committee representatives shall not be present while their nominations are being discussed. The host delegate shall become the temporary chair. Please note: the ASHRAE Bylaws specify that a member of the Nominating Committee **must be a full member in good standing for a period of at least five (5) years prior to the time of selection.**

#### **Business Session**

Each chapter shall, as a minimum, prepare the following in one complete package, whether a binder, CD or other form, as directed for that CRC:

1. A completely filled-out Summary Report Form (Attachment W).
2. Report of Chapter Activities for the preceding year, including committee reports.
3. Chapter Committee Chairs' MBOs.
4. A sample newsletter.
5. The Chapter's roster.

After the report phase of the Business Session, the Chapters are encouraged to present action items for changes in any Chapter, Regional or Society activities or policies.

All reports and action items presented at the Chapters Regional Conference will take place at the Business Session, except for those items specified for the Executive Session.

The chapter delegate is the voting member. The regional vice chairs, the regional Nominating Committee Member and the regional Nominating Committee Alternate attend in their official capacity. The Regional Chair is chair of the meeting. The chapter delegates report on the progress of their chapters and student branches and their recommendations concerning policy, procedures and operations of Society. Motions that are passed are then brought forward to Members Council for further consideration.

### **Executive Session (Closed Session)**

Only the delegates and alternates from the chapters, the regional Nominating Committee Member and the regional Nominating Committee Alternate may attend the Executive Session. The regional Nominating Committee Member is the chair. The reserve alternate for the Nominating Committee Member is allowed to attend the executive session of the CRC without reimbursement for transportation. The host chapter delegate is the secretary. Minutes of the Executive Session shall not be published. Chapter delegates vote for candidates for the following:

1. Nominating Committee Member, Alternate and Reserve Alternate
2. Regional Vice Chairs
3. Regional Awards
4. Society Officers and Board of Directors (including Regional Chair, if appropriate)

The regional Nominating Committee representative will forward the report of the Executive Session to Society Executive Director/Secretary at Headquarters within 30 days of the meeting. Members who serve on Grassroots committees (Regional Vice Chairs) should be contacted as their willingness to serve before their names are submitted in this report.

## **MOTIONS AND RESOLUTIONS AT THE CRC**

Chapter members have the right and the responsibility to present to the chapter CRC Action Committee motions to enhance regional, chapter or Society activity. These motions will be presented by the delegate during the business session at the CRC where they can be discussed and voted on, following Robert's Rules of Order. Motions and resolutions coming out of the CRC can be most effective if presented in proper form. A fine conceptual resolution can be lost in the legislative process at Society level for want of proper wording, background explanation or research. The purpose of this document is to furnish suggestions for proper development of motions and procedures to funnel the motion into the correct committees.

All CRC motions except regional motions are brought to the Members Council by the RMCR for action. Members Council will approve, disapprove, postpone, amend or refer these motions in accordance with the following:

- A. Committees and Councils to which Members Council refers a motion must report the disposition of the motion to Members Council.
- B. CRC motions affecting the Presidential Award of Excellence will be reviewed and discussed by the Members Council and recommendations forwarded to the President-Elect.
- C. The RMCR has the responsibility of monitoring all CRC motions from his/her region and reporting at the next CRC the status of those motions.

**MOTION FORMAT:** The motion should be written in concise, succinct language ("whereas" and "legalese" do not enhance the understandability or acceptability of motions). A sample format is shown on the next page. The body of the motion should contain as completely as possible the following information:

- A. State completely the action which is being recommended or required. Example: "Move that Society dues be lowered..."
- B. Qualify wherever possible elements of the motion so that they are not open-ended or open for interpretation, debate or floor negotiation. Example: "Move that Society dues be lowered to \$90 per year..."
- C. Include wherever appropriate the time frame for the execution of your request. Example: "Move that Society dues be lowered to \$90 per year, effective July 1, 2013" (with background data on fiscal impact, if possible).
- D. Where a motion is expected to modify or to become a Rule of the Board (ROB), it should be worded as the proposed Rule of the Board it is intended to read.

**REQUIRED BACKGROUND INFORMATION:** As a separate statement, provide historical background, progression of events, related incidents or other general information which would be helpful for the council and subsequently Board of Directors to appropriately debate and decide on the issue. The more thorough the background, the more convincing the arguments, the more complete the research, the more beneficial the request is to the betterment of the Society, the more likely the matter will be dealt with favorably.

In summary, a good motion spells out who, what, when, how much and then explains why it is good and timely action.
