Answer the questions on the following page. Each answer is limited to a about 1200 characters (approximately 200 words)

Email the completed form to: COF@ashrae.org

Internal Use Only: Applicant Number

Thesis Title

1. Describe the nature of your past and current involvement with ASHRAE (e.g. attendance at Chapter and National meetings, student branch membership, conferences, Technical Committees, presentations, YEA, other involvement)

2. Indicate your knowledge, experience, or other HVAC&R industry insight related to heating and air conditioning systems, building systems, IAQ, and any other things within the area of ASHRAE Technical Committees.
(such as past internships, work as a tradesman, family business, work as a draftsman, research, related projects)

3. Provide a short description, in your own words, of your research and how it relates to ASHRAE's Mission Statement including how your research will benefit ASHRAE. (The Mission Statement can be found in www.ashrae.org)

4. Describe your projected career path and how this award might influence it, including how it will help you remain involved in ASHRAE and in what capacity.
