Attendance

- All Members Present: Andrew Reilman, Daniel Redmond, Heric Holmes, Frank Rivera, Abhi Khurana, Matthew Archey, Christopher Adams, Matthew Klok, Eric Johansen, Kevin Muldoon,
Full Committee Agenda – Friday, January 19, 2024

1. Call to Order – Reilman

2. Roll Call/Introduction of Guests – Reilman

3. ASHRAE Code of Ethics Commitment – Reilman
   In this and all other ASHRAE meetings, we will act with honesty, fairness, courtesy, competence, inclusiveness and respect for others, which exemplify our core values of excellence, commitment, integrity, collaboration, volunteerism and diversity, and we shall avoid all real or perceived conflicts of interests.

4. ASHRAE Diversity Commitment – Reilman
   ASHRAE is committed to providing a welcoming environment. Our culture is one of inclusiveness, acknowledging the inherent value and dignity of each individual. We proactively pursue and celebrate diverse and inclusive communities understanding that doing so fuels better, more creative and more thoughtful ideas, solutions and strategies for the Society and for the communities our Society serves. We respect and welcome all people regardless of age, gender, ethnicity, physical appearance, thought styles, religion, nationality, socio-economic status, belief systems, sexual orientation or education.

5. Review of Agenda – Reilman

6. Approval of Minutes – June 23-24, 2023, during 2023 Annual Conference – Reilman (Attachment A)
   a. Motion #1: John moved, Osama second to approve the previous meeting minutes. 19-0-0 CNV.

7. Review of Action Items – Reilman (Attachment B)
   a. Action Item #1: All RVCs to have a conversation with each Chapter Program Chair (or President if necessary) to clarify that every chapter presentation/speaker needs to be evaluated.
   b. Action Item #2: Make list of CTTC-related items/forms/documents that need regular maintenance and select a time when that review occurs. Assign to the Operations Subcommittee.
   c. Action Item #3: Conor to visit the YEA Committee meeting to see how CTTC can better serve YEA members.
   d. Action Item #4: Add a final slide to DL presentation that lists TCs related to their presentation topic. Assign to John.
   e. Action Item #5: Staff to confirm TC Liaison position on CIQ.

8. Special Reports
   a. Certification (Attachment C)
   b. Membership Promotion

9. Remarks
   a. BOD Ex-Officio – Wei Sun (Attachment I)

10. Ad Hoc Reports
    a. Promoting Award Nominations and Technology Awards
       i. Members: Chris (Chair), Frank, Liz, Abby
       ii. Review of retro commissioning for Technology Awards

11. Review of Regional Statistics – Reilman (Attachment D)
    a. Action Item #6: Staff to confirm ASHRAE Section list.
    b. Action Item #7: Staff to review number of CRC evaluations submitted for Fall 2023 CRCs.

12. CRC Referrals
    a. Please see Attachment E for the one CRC motion assigned to CTTC.
    b. This motion was discussed by both subcommittees during their mid-year calls and the following update was provided to Members Council: CTTC agrees with the purpose of the motion and plans on presenting an amended motion at the Winter Conference in Chicago. If required, CTTC will be sure to complete the Project Evaluation Tool as well.
    c. John was tasked with making edits to the motion, including updating the intent to decarb research as opposed to decarb offsets. We need to vote on these edits and present to Members Council during our report on Tuesday.
d. Original motion: The Anthracite Chapter moves that Society create a budget line item to pay for Distinguished Lecturer (DL) travel carbon offsets, effective July 1, 2024. The budget line item shall be updated each year in parallel with the DL travel reimbursement budgeting process. These funds shall be managed by Society Staff to offset the environmental impact of DL travel each society year.

e. Discussion will continue in subcommittees and during our full committee meeting tomorrow.

Full Committee Agenda – Saturday, January 20, 2024

1. Call to Order – Reilman
2. Roll Call/Introduction of Guests – Reilman
3. ASHRAE Code of Ethics Commitment – Reilman
   In this and all other ASHRAE meetings, we will act with honesty, fairness, courtesy, competence, inclusiveness and respect for others, which exemplify our core values of excellence, commitment, integrity, collaboration, volunteerism and diversity, and we shall avoid all real or perceived conflicts of interests.
4. ASHRAE Diversity Commitment – Reilman

5. Review of Agenda – Reilman
6. Subcommittee Reports
   a. Member Services – Redmond (will be included as Attachment F)
      i. Is it possible for the digital participation form to be edited after it has been submitted (example: a DL changes their visit date after approved)?
      ii. Action Item #8: Staff to post DL visit spreadsheet monthly for RVCs to access.
      iii. Technology Awards – can we receive feedback on entries that weren’t selected?
         1. Action Item #9: Staff to add RVCs to notifications of entrants that weren’t selected or asked to resubmit.
      iv. DL Roster: 86 to 93 DLs with no change to the number of allocated visits. Growing international DLs to make it easier for countries that have a longer distance to travel.
         1. Motion #2: The Full CTT Committee approves the new DL roster for 2024-25.
         Vote: 19-0-0 CNV
   b. Operations – Holmes (will be included as Attachment G)
      i. Creation of an ad hoc to review the digital speaker evaluation form to be used for both DLs and non-DL speakers, as well as the Regional Speaker List. Members: Heric, Kenneth, Tyler, Matt Archey, Frank, Abhi, John.
7. Status of 2022-23 MBOs – Reilman (Attachment H)
   a. MBO 7: We had 43 Society Tech Award entries this year, which is 23% more than last year.

Full Committee Agenda – Friday, June 23, 2023

1. **Call to Order** – Robert
2. **Roll Call/Introduction of Guests** – Robert
3. **ASHRAE Code of Ethics Commitment** – Robert
   
   In this and all other ASHRAE meetings, we will act with honesty, fairness, courtesy, competence, inclusiveness and respect for others, which exemplify our core values of excellence, commitment, integrity, collaboration, volunteerism and diversity, and we shall avoid all real or perceived conflicts of interests.
4. **ASHRAE Diversity Commitment** – Robert
   
   ASHRAE is committed to providing a welcoming environment. Our culture is one of inclusiveness, acknowledging the inherent value and dignity of each individual. We proactively pursue and celebrate diverse and inclusive communities understanding that doing so fuels better, more creative and more thoughtful ideas, solutions and strategies for the Society and for the communities our Society serves. 5. **Review of Agenda** – Robert
6. **Approval of Minutes** – February 3-4, 2023 during 2023 Winter Conference – Robert (**Attachment A**)
   a. Moved by Matt, seconded by John. Vote: Unanimous approval.
7. **Review of Action Items** – Robert (**Attachment B**)
   a. Action Item #7: Follow-up with DLs who did not respond to initial survey regarding in-person/virtual/hybrid visits. Status: partially complete.
8. **Remarks**
   a. **BOD Ex-Officio** – Wei Sun (**Attachment L**)
9. **Special Reports**
   a. John Constantinide, Tech Council “World of Tech @ ASHRAE” (**Attachment C**)
   i. **Action Item #1:** John to work with TAC on creating recruitment-oriented sessions for TCs that are appealing to new members

   ii. How can we incentivize recruiting for TCs at the chapter level?
      1. Encourage DLs to promote TCs they’re involved in
      2. Encourage chapters to review this topic at every chapter meeting; CTTC could create a couple of slides that could roll as the chapter meeting starts
      3. RVCs take this info to their CTTC Chapter Chairs, but we can streamline the process to make it as easy as possible – create marketing content/flyer that chapters can share
4. We award 100 PAOE points for every presentation that includes TC information (CT23). **Action Item #2**: Staff to review if this PAOE line item was utilized last SY.

5. **Action Item #3**: Review the CRC PPT to include this information
   iii. Let the technology speak for itself
   iv. Consistent and repetitive marketing – use a variety of formats
   v. For the video, consider also making a shorter 2-minute version that could be shown at chapter meetings

b. Grant Page, Certification Committee (Attachment D)
c. Urban Land Institute and their Net Zero Imperative (NZI), that aims to accelerate decarbonization in the built environment
   i. Daniel Robert had a call with ULI earlier this week. Looking to disseminate information about NZI to chapters that overlap with their program.
   ii. **Action item #4**: Andy and Staff to create an email blast to relevant CTTC Chapter Chairs and RVCs to let them know about ULI and the NZI

10. Ad Hoc Reports
   a. DL Automation
      i. Members: John (Chair), Grant, Abhi, Aru, Osama, Frank, Daniel Redmond
      ii. Near completion with testing the digital DL Participation Form
      iii. Next up is the DL Evaluation Form and then the DL Summary Form
      iv. **Action Item #5**: Matthew Klok to create procedure for chapter meeting attendees to download, complete, and submit a fillable PDF to the CTTC Chapter Chair for evaluating DLs/speakers
   a. Promoting Award Nominations and Technology Awards
      i. Members: Chris (Chair), Mahroo, Frank, Liz, Grant, Janice, Abby
      ii. The new Technology Award nomination form is being used this Society Year, which eliminated the previous short and long nomination forms.
      iii. **Action Item #6**: Review the Dan Mills Chapter Programs Award for a decarbonization element
   b. Decarbonization
      i. Members: Daniel Robert (Chair), Daniel Redmond, Andy, John, Abhi, Aru
      ii. Tried to create a program where we can offset our carbon footprint, especially with the number of in-person DL visits. We looked at using a third-party company, but decided against that. Instead we decided to put $50,000 from the DL travel budget into an endowment that could be used toward decarbonization efforts; however, we were informed that we cannot transfer current CTTC funds into an ASHRAE endowment.
      iii. Motion: CTTC recommends to the Board of Directors to create a committee or initiative to monitor Society decarbonization activities including hiring of ESG consulting services, effective February 1, 2024. Moved by John, seconded by Frank.
         1. Amendment from Heric: CTTC recommends to the Board of Directors to create a committee or initiative to monitor Society decarbonization activities including hiring of ESG consulting services, effective February 1, 2024.
         2. Motion withdrawn
      iv. Motion: CTTC recommends to the Board of Directors to create an ESG Committee to coordinate with DEI and decarbonization activities, related to ASHRAE society operations, effective February 1, 2024.
         1. Background: The existing DEI Committee would report to this new ESG Committee
         2. Motion withdrawn
      v. Alternative ideas:
         1. Present ideas at the BOD open comment session
         2. Have each RVC encourage a motion at their CRCs
3. **Action Item #7**: assign to Member Services Subcommittee for further development

   a. Out of 192 allocations, 190 have been used (there was one cancellation and one changed to a virtual visit)
   b. **Action Item #8**: Staff to research average cost of DL cost – domestic vs. international

12. **Liaison Talking Points** – Robert (Attachment F)

13. **Members Council Referrals**
   a. Motions from Spring 2023 CRCs assigned to CTTC:
      i. Region XI, Regina, Motion #4: That the Chapter Technology Transfer Committee (CTTC) recommend to the Honors and Awards Committee (H&A) to consider offering ESA/DSA points for service on Judging panel for Society Technology Awards. 1 point for member per year and 1 1/2 points for chair of the committee per year. This would be the same points for Sub Committee members and Chairs.
         1. Background: Currently the service of the CTTC members of the Technology Awards Panel is not able to be recognized for points towards the ESA / DSA nomination. The time that is involved in reviewing and judging the Tech Awards is comparable to the work of most subcommittee that any member would sit on. YEA did this in the past to get approval to award points for the committee members that organize the YEA Leadership Weekends.
         2. Fiscal Impact: None
         3. Vote: 10-0-0-1 CNV
         4. CTTC Response: CTTC is in support of this motion going to the H&A Committee for further review. 15-0-1 CNV
      ii. Region VI, La Crosse, Motion #6: That society provide an electronic form for the DL lecture surveys.
         1. Background: Having to print out DL lecture sheets for each DL, distributing, then collecting and tallying up the totals is a hassle to do that process manually. We propose to digitize the DL lecture survey to be able to take it on a smart phone or web browser so that the results can be collected automatically and sent to society reducing the time spent by each chapter manually tallying up the scores and reporting that to society. Save the trees and let’s digitize the DL survey process.
         3. Vote: 11-0-0-0 CNV
         4. CTTC Response: Already in progress with ASHRAE IT. Vote: 15-0-0-0 CNV
   b. Motion from Fall 2022 CRCs assigned to CTTC:
      i. Region XIV, Cyprus Chapter, Motion #1: That Society increase the DL allocations to Region XIV from 8 to 12 in 2023-24.
         1. CTTC Response: The number of DL allocated visits are based on a formula of chapters and area assigned members. The allocations are reviewed by the DL Working Group and they make changes as they see fit. Any unused allocated visits are put into pool visits on December 1, which are available to any chapter on a first-come, first-served basis. Try to push for multi-chapter visits. Vote: 0-15 CNV
   c. Members Council asked for CTTC’s insight and input for the MBO below. The CTTC Executive Subcommittee discussed this during their mid-year call and submitted the following feedback to Members Council:
      i. Tech Hour meets the intent of this MBO and we plan on incorporating new ideas to improve global awareness, such as selecting a topic (i.e. refrigeration) and comparing its impact in two different countries and having a panel of 2-3 presenters from different areas that can speak on a topic and how it affects their geographical location.
ii. We can encourage DLs to host virtual joint chapter presentations on topics of interest to both chapters. Maybe two DLs from two different countries could co-present on a topic for two different perspectives.

5. Review of Agenda – Robert
6. Special Reports
   a. TAC – World of Tech, Larry Smith
      i. Identify leaders within TCs and encourage them to apply to be a DL
   b. Membership Promotion, Steve Grant
      i. Cost of food at chapter meetings, which prompted a sponsorship opportunity. MP could use our help promoting this once it is ready to go – still being developed.
      ii. The annual survey will now come from MP (per the Planning Committee).
7. Subcommittee Reports
   a. Member Services – Reilman (Attachment G)
      i. Presentation of the Donald A. Siller Refrigeration Award to Samir Hernandez of the Brasil Chapter.
      ii. Action Item #9: Abhi & John to determine next steps for DL mixer video footage.
      iii. Motion #1: The DL Working Group recommends the following addition to the DL Evaluation spreadsheet:
         1. In the DL Evaluation Sheet tab, under the “Bonus” group, add the following: Tech Hour Presenter.
            a. Make this category worth 1 point.
         2. In the DL Evaluation Rules & Guidance tab, under the "Evaluation Grading Category" grouping, add the following: Tech Hour Presenter.
         3. In the DL Evaluation Rules & Guidance tab, in the Explanation column adjacent to the added Tech Hour Presenter category, add the following: Has the DL or nominee been an ASHRAE Tech Hour presenter?
            a. Background: As a way to further highlight the DL Program and utilize the expertise of our DLs to enhance the CTTC Tech Hour, adding a bonus point to DLs' grades for those DLs that presented a Tech Hour will encourage more DLs to present in CTTC Tech Hours. This is also a great way for nominees to compete to join the DL program by being a Tech Hour presenter.
            b. Financial Impact: Staff costs to update documentation.
            c. Vote: DL Working Group: 4-0-0-0 CV, Member Services Subcommittee: 6-0-0 CNV
               i. Moved by Abigail. CTTC Vote: 17-0-0 CNV
      iv. Motion #2: Add “decarb program” to Item C in the Dan Mills Award points criteria section.
         1. Background: Will be worth 10 points
         2. Moved by John, Second Janice
         3. Passed Unanimous, Chair not voting
4. CTTC Vote: Moved by Matt Archey. Vote: 16-0-1 CNV
   v. **Action Item #10**: Award Ad Hoc to review use of “promotion” within the categories on the Dan Mills Chapter Programs Award point tally form.

b. Operations – Redmond *(Attachment H)*
   i. **Action Item #11**: Staff to distribute Mick’s slides for review
   ii. **Action Item #12**: Staff to make sure Tech Hours are available on the ASHRAE 365 app.
   iii. **Action Item #13**: Staff to add the CRC PPT to Basecamp
   iv. **Action Item #14**: DL Working Group to research how to encourage more collaboration with DLs beyond CTTC

8. **Status of 2022-23 MBOs** – Robert *(Attachment I)*

9. **Old Business** – Robert

10. **New Business** – Robert
   a. The YEA Committee is creating a new award and has asked if CTTC can provide guidelines/SOPs that we’ve created to audit and review project-based awards (Technology Awards). Their goal is to understand how CTTC reviews all of the applications that we receive.
      i. **Action Item #15**: Staff to supply YEA with the Technology Award nomination, judging criteria, and PPT created by Matt and Chris.

11. **Change of Chair** – Robert/Reilman
   a. Recognition of outgoing members:
      i. Daniel Robert – Chair
      ii. Aru Sau – Region V RVC
      iii. Grant Page – Region VII RVC
      iv. Janice Peterson – Region XI RVC
      v. Mahroo Eftekhari – Region XIV RVC
   b. Recognition of current members changing roles:
      i. Andy Reilman – 1st Vice Chair to Chair
      ii. Daniel Redmond – 2nd Vice Chair to 1st Vice Chair
      iii. Heric Holmes – Tech Hour Coordinator to 2nd Vice Chair
      iv. Liz Zakelj – Region VI RVC to Tech Hour Coordinator
   c. Recognition of incoming members:
      i. Matthew Klok – Region V RVC
      ii. Eric Johansen – Region VI RVC
      iii. Kevin Muldoon – Region VII RVC
      iv. Matt Parkes – Region XI RVC
      v. Conor Murray – Region XIV RVC
      vi. Dennis Knight – Coordinating Officer
   d. 2023-24 MBOs – Reilman *(Attachment J)*
      i. **Action Item #16**: Add a hyperlink (along with the existing QR code) to the digital evaluation form on the DL webpage.
   e. Appointment of 2023-24 Subcommittees and Mentors – Reilman *(Attachment K)*

12. **Next Meeting** – 2024 ASHRAE Winter Conference in Chicago, Illinois

TO: Andrew Reilman, Chapter Technology Transfer Committee Chair  
Daniel Redmond, Chapter Technology Transfer Committee 1st Vice Chair  
Heric Holmes, Chapter Technology Transfer Committee 2nd Vice Chair

Dear Andrew,

During the 2023 Fall CRCs the following motion was made and is referred to the Chapter Technology Transfer Committee.

**Motion referred to CTTC for Recommendation to Members Council:**
Please provide a recommendation for Members Council consideration for the motion noted below in your report to Members Council by the 2024 Winter Conference in Chicago.

**Fall 2023 CRC, Region III Anthracite Chapter - Motion 7 (August 11, 2023):** The Anthracite Chapter moves that Society create a budget line item to pay for Distinguished Lecturer (DL) travel carbon offsets, effective July 1, 2024. The budget line item shall be updated each year in parallel with the DL travel reimbursement budgeting process. These funds shall be managed by Society Staff to offset the environmental impact of DL travel each society year.

**Background:** The Distinguished Lecturer (DL) program is a shining example of ASHRAE’s commitment to advance human well-being through sustainable technology for the built environment. Since the 1996-97 Society Year, the DL program has promoted knowledge sharing and provided ASHRAE chapters throughout the world with relevant experts, and the program does so without the barrier of transportation costs.

As ASHRAE grew as an international organization, the environmental impact of DL and other business travel has also expanded. While a seemingly simple solution is to make all DL visits and meetings virtual, this opposes the program’s goal of reaching as many stakeholders as possible and would limit the impact a DL can have in a region. The value of in-person visits that combine chapter meetings with student, educator, government official, and local business visits is at the heart of this program’s goals and is essential to its effectiveness.

ASHRAE continues to be at the forefront of the fight against climate change and must continue to “walk the talk” as we develop standards and guidance documents to reduce our impact on the planet.Offsetting the environmental impact of travel for a DL program that is essential to this journey is the next logical way to demonstrate our commitment to environmental stewardship.

ASHRAE generally experiences an overall budget surplus and rolls that surplus into a reserve account at the conclusion of each fiscal year. Knowing this, ASHRAE is encouraged to create a new line item during the budgeting process to address the environmental impact of today.
Fiscal Impact: Approximately $5,000-$10,000 annually, depending on the offset method selected.
Staff Impact: [left blank]
CRC Vote: 8-2-0 CNV

This motion will require a recommendation to Members Council that will also need Board of Directors approval, if passed by the Council, you will be asked to also submit the attached Project Evaluation Tool workbook. As the tool is owned by the Finance Committee, questions regarding the tool may be directed to Craig Wright. Committees with motions that will also need BOD approval after Council consideration will be contacted regarding the tool before the motion(s) are sent to the BOD if it has not been received.

I would appreciate being updated on your progress with this motion by December 15. If you have any questions, please let me know.

Thank you,

Lizzy Seymour
Director, Member Services

7. **MOP Updates**
   a. No updates from staff

8. **CTTC CRC Presentation**
   a. Review TC information
      i. **Action Item #2:** review TC info and make recommended additions by the end of February. Assign to Conor, Siva, and Heric.
      ii. **Action Item #3:** RVCs to upload to Basecamp any customized Regional slides they use at their CRCs.
   b. Any other recommended updates to include when we review in the spring?

9. **PAOE**
   a. Heric is serving as the PAOE representative for CTTC.
   b. Earning points for having a YEA member serving on a chapter CTTC committee. 100 points.
   c. Discussed reaching out to CTTC Chapter Chairs on a regular basis about adding PAOE points throughout the SY.
10. **New Business**
   a. Regional Speaker Lists
      i. Each RVC is supposed to maintain a list, but many Regions don’t have a list.
      ii. Are they worth keeping and updating? What specific purpose do they fill?
         1. Could serve as a list of back-up speakers in the even that a speaker is unable to attend at the last minute.
      iii. Is there where evaluation scores for non-DL speakers are housed?
      iv. **Action Item #4:** Ad Hoc creation to review purpose and need for Regional Speaker Lists.
   b. Chapter Schedules
      i. Central location for RVCs to access schedules for all their chapters (meetings, dates, location, and speaker/topic).
      ii. **Action Item #5:** Staff to check on status of ashrae.org page that used to list all chapter meeting schedules, and is it tied to the “Chapter Meeting Schedules” reports within the Regional CTTC RVC reports.
      iii. **Action Item #6:** CTTC to determine next steps and what works best for posting chapter schedules.

11. **CRC Referred Motion**
   a. Potential edit: “These funds shall be managed by the Center of Excellence for Building Decarbonization to make a tangible impact.”

LEADERSHIP PRESENTATION

By CTTC ExO
We will act with honesty, fairness, courtesy, competence, inclusiveness and respect for others, which exemplify our core values of excellence, commitment, integrity, collaboration, volunteerism and diversity, and we shall avoid all real or perceived conflicts of interest.

ASHRAE strictly prohibits and does not tolerate discrimination against members or applicants for membership because of such individual’s race, color, religion, age, sex, sexual orientation, national origin, physical or mental disability, pregnancy, genetic information, veteran status, uniformed service member status, or any other category protected under applicable law.

ASHRAE’s Commercialism Policy allows for Society activities that fulfill the mission of technological advancement with adherence to business plans that generate income to offset operational expenses such as AHR Exposition, ASHRAE periodicals, website, and Society conference events such as the Welcome Party, luncheons, registration kits, and receptions.
