

MP REFERENCE GUIDE

Society Year 2026-2027

THANK YOU for your dedication, hard work, and willingness to serve as your Chapter Membership Promotion Chair. As a grassroots organization, ASHRAE relies on volunteer members to support the work being done to advance our industry and create a healthy and sustainable built environment for all.

This reference guide was developed by the Membership Promotion Committee as one of several tools available to help you achieve your membership goals. If you have any questions, comments, or suggestions, please reach out to ASHRAE's Membership Staff or your Regional Vice Chair (RVC).

Built Environment Today

MEMBERSHIP PROMOTION

YOUR ROLE AS A MEMBERSHIP PROMOTION CHAIR

(Manual for Chapter Operations, Section 2.11, Revised June 22, 2021)

The Membership Promotion Committee is appointed by the President-Elect and is comprised of a Chair, Co-Chair, and a sufficient number of the Chapter's Area-Assigned members (*min. 3% of AAM*) to ensure that the committee's work can be done without placing an unnecessarily heavy burden on one or two individuals. Usually, the Co-chair is expected to become the next year's Chair.

The Chair is expected to attend the MP workshop at the CRC and Membership Promotion Centralized Training.

The responsibilities of this committee typically include:

- Attracting new members who will be active in the Society, locally and/or at the Society level
- Encouraging membership from all segments of the industry
- Encouraging advancement to higher grades of membership when candidates' qualifications meet the specified requirements
- In conjunction with the Secretary, ascertaining that all prospective Chapter members are bona fide members of Society
- Reducing the number of member resignations or membership lapses
- Advising the President and the Reception Committee when new members are elected or when members advance in membership grade, to ensure proper recognition at Chapter meetings and in Chapter publications
- Organizing and executing membership drives, including encouraging participation from local consulting firms (a sample local employer participation letter is provided in the MCO, Appendix 2G and on www.ashrae.org/mptraining)
- Receiving from the Attendance Committee and/or Reception Committee a record of the names of people attending the Chapter meetings
- Cooperating with and seeking advice from the Membership Promotion Regional Vice Chair
- Providing a computer and internet access at Chapter meetings so that individuals can join online
- Reviewing each member's status to select and recommend nominations for honors and awards
- Collaborating with Student Activities Committee and Young Engineers in ASHRAE Committee to encourage students to retain their memberships when they graduate.

IDEAS FOR ACHIEVING MEMBERSHIP GROWTH GOALS

(Manual for Chapter Operations, Appendix 2H, Revised June 22, 2021)

1. Incoming Chapter President and MP Chair solicit a minimum of 3% of the area-assigned members to serve a one-year term on the MP committee.
2. MP Chair focuses efforts related to recruiting new members and obtaining grade advancements, and the Co-Chair focuses efforts to reduce delinquencies.
3. Names of potential new members can be generated by:
 - Reviewing company names in the Chapter roster and seeking out new employees or existing employees who are not ASHRAE members
 - Running member cancellation reports through the Society website
 - Creating a list of new and existing companies in affiliated industries
 - Targeting firms that currently have no members.
4. To maximize these efforts, they should begin at the July or August Board of Governors meeting.

5. Assignments should be made to all BOG members, so that no one person is required to recruit more than four new members, contact no more than seven delinquent members, and obtain no more than one advancement.

PLANNING YOUR ANNUAL BUDGET

It is important to work with your Chapter Board of Governors to ensure that funds are adequately budgeted for membership drives, events, and training. Examples include:

- New member gifts
- Membership milestone plaques or gifts
- Membership awards
- Student memberships sponsorship
- CRC and Centralized Training*

ASHRAE pins or logo merchandise make great gifts/awards for new or longstanding members. These can be ordered from the ASHRAE website:

<https://www.ashrae.org/membership/logo-merchandise>

<https://forms.ashrae.org/forms/PromotionalFreebiesRequestForm>

*Society reimburses transportation costs only for the MP Chair & Co-Chair to attend Centralized Training. All other anticipated expenses (hotels, CRC registration, parking, travel to CRC, etc.) need to be budgeted by the Chapter. Note that travel must be booked a minimum of 14 days prior to departure per ASHRAE's Transportation Reimbursement Policy:

SUGGESTIONS FOR RECRUITING AND RETAINING MEMBERS

(Manual for Chapter Operations, Appendix 3B, Revised June 22, 2021)

The following suggestions may help a Chapter recruit and retain new members.

1. Develop a program in which the Chapter assigns an existing member to provide guidance for a potential new member to:
 - Introduce the candidate to the Chapter membership
 - Provide information on Chapter activities and meeting times
 - Encourage involvement in Chapter programs
 - Keep the Chapter informed on the candidate's progress
2. Invite and encourage graduating students to become ASHRAE members; communicate the SmartStart program to graduating, or recently graduated, students.
3. Ensure that the name of the candidate/new member is added to the Chapter mailing list immediately upon receipt of application
4. Ensure that the candidate/new member has received meeting notices
5. Set up an installation procedure for inducting new Chapter members; consider presenting the ASHRAE pin and certificate of membership at a meeting
6. Publicize new members on Chapter website and in Chapter newsletter. Introduce new members at Chapter meetings.
7. Encourage new members to join Chapter committees to keep them engaged in Chapter.
8. Ensure that each new member's name is added to the Chapter roster

9. Encourage members to update their membership bio, including alternate contact information.
10. Coordinate with the Chapter's Programs Chair to ensure relevant and interesting topics are presented at Chapter meetings. Great topics result in great attendance.

REACH EMPLOYER SUPPORT PROGRAM

The ASHRAE Reach program is designed to aid in the facilitation of the discussion between ASHRAE representatives and employers who already support the membership and volunteerism of their employees, as well as enlightening employers who are not aware of the benefits of ASHRAE involvement.
