MANUAL OF PROCEDURES
FOR
RESIDENTIAL BUILDING COMMITTEE

FOREWORD

The Residential Building Committee is a General Standing Committee of the Society and operates under the direction of the Board of Directors and Technology Council. The Rules of the Board (ROB) for the Residential Building Committee (RBC) is the constitution of the committee. Proposed changes to the ROB and its appendices must be approved by the Board of Directors.

Manual of Procedures. A Manual of Procedures (MOP) describes mandatory operational rules and interpretations of policy that a standing body must operate under to achieve their assigned responsibilities. It is designed to complement the rules by providing methods and procedures under which to operate. It is the responsibility of the approving body to determine what requirements should be in a MOP and which can be included in a Reference Manual. (ROB 2.105.002.1)

Reference Manual. A reference manual describes the detailed procedures under which a committee or council operates. Reference manuals are under the sole control of the body to which they apply and are intended to record standard operating procedures and other forms on institutional memory. (ROB 2.105.002.3)
