XIX. Executive Session (Madison) 13:20 (5 mins)
a. YEA Award of Individual Excellence
XX. New Business (Madison) 13:25 (10 mins)
a. Decarb Challenge Fund – Discussion
   i. PEAC is thinking of doing something similar to previous “Chapter Opportunity Fund” but related to carbon reduction
   ii. Would YEA consider taking on this initiative and consider how this could be implemented and whether it would be valuable to consider for next Society year? YEA members might be a good resource to help establish the ground rules for such a program.
   iii. Do you think this belongs to YEA?
      1. Concern of not enough experience on the committee to come up with a successful program
      2. Decarbonization should be handled by a group that specialize in the topic or ad hoc
      3. YEA has more access to the chapters and can spread the information to more people
      4. YEA is positions to do something like this because of interpersonal skills the committee possess.
      5. Ask another committee to provide the program and task YEA to get the information out.
      6. YEA does not have the technical knowledge
      7. Yes, we should take this on with caveat
      8. Look at partnering with another committee if YEA takes it on.
      9. Better to stay with CTTC and YEA has some involvement (YEA would be a liaison)
     10. Potential opportunity for YEA to lead the charge
11. Zach Alderman is interested in helping with this initiative, if needed
b. What did we miss?
   i. Madison will follow up with Ginger to see if we can get extra funding so that we can get this off the ground as well as more people.

XXI. Announcements (Madison) 13:35 (5 mins)
a. Reminder to send CRC YEA workshop sign-in sheet to Jeanette
   i. Awaiting Spring 2023: Regions VI, VIII, XI
   ii. Missing from Fall 2022: Regions II, V, XIII, & RAL

XXIII. Adjournment (Madison) 13:41 (1 min)

XXIV. Sub-Committee Break-Out Sessions 13:42 (78 mins)
ASHRAE Simplified Rules of Order – Quick Reference

Guiding Principles:

- Quorum is required before business can be conducted.
- Everyone has the right to participate in discussion if they wish before anyone may speak a second time.
- Everyone has the right to know what is going on at all times. Only urgent matters may interrupt a speaker.
- Only one thing (motion) can be discussed at a time.

A motion is the topic under discussion (e.g., “I move that we add a coffee break to this meeting”). After being recognized by the president of the board, any member can introduce a motion when no other motion is on the table. A motion requires a second to be considered. If there is no second, the matter is not considered. Each motion must be disposed of (passed, defeated, tabled, referred to committee, or postponed indefinitely).

How to do things:

You want to bring up a new idea before the group.
After recognition by the president of the board, present your motion. A second is required for the motion to go to the floor for discussion, or consideration.

You want to change some of the wording in a motion under discussion. After recognition by the president of the board, move to amend by
  - adding words,
  - striking words or
  - striking and inserting words.

You like the idea of a motion being discussed, but you need to reword it beyond simple word changes.
Move to substitute your motion for the original motion. If it is seconded, discussion will continue on both motions and eventually the body will vote on which motion they prefer.

You want more study and/or investigation given to the idea being discussed. Move to refer to a committee. Try to be specific as to the charge to the committee.

You want more time personally to study the proposal being discussed.
Move to postpone to a definite time or date.

You are tired of the current discussion.
Move to limit debate to a set period of time or to a set number of speakers. Requires a 2/3's vote.

You have heard enough discussion.
Move to close the debate. Also referred to as calling the question. This cuts off discussion and brings the assembly to a vote on the pending question only. Requires a 2/3's vote.

You want to postpone a motion until some later time.
Move to table the motion. The motion may be taken from the table after 1 item of business has been conducted. If the motion is not taken from the table by the end of the next meeting, it is dead. To kill a motion at the time it is tabled requires a 2/3\textsuperscript{rd}s vote. A majority is required to table a motion without killing it.

You believe the discussion has drifted away from the agenda and want to bring it back. “Call for orders of the day.”

You want to take a short break.
Move to recess for a set period of time.

You want to end.

Move to adjourn.

**ASHRAE Simplified Rules of Order – Quick Reference**

You are unsure the president of the board announced the results of a vote correctly. Without being recognized, call for a “division of the house.” A roll call vote will then be taken.

You are confused about a procedure being used and want clarification.
Without recognition, call for "Point of Information" or "Point of Parliamentary Inquiry." The president of the board will ask you to state your question and will attempt to clarify the situation.

You have changed your mind about something that was voted on earlier in the meeting for which you were on the winning side.
Move to reconsider. If the majority agrees, the motion comes back on the floor as though the vote had not occurred.

You want to change an action voted on at an earlier meeting.
Move to rescind. If previous written notice is given, a simple majority is required. If no notice is given, a 2/3\textsuperscript{rd}s vote is required.

**Executive Session.**
Discussion of an issue of sensitive, proprietary or personal in nature.

**Unanimous Consent:**
If a matter is considered relatively minor or opposition is not expected, a call for unanimous consent may be requested. If the request is made by others, the president of the board will repeat the request and then pause for objections. If none are heard, the motion passes.

- **You may INTERRUPT a speaker for these reasons only:**
  - to get information about business –point of information to get information about rules–parliamentary inquiry
  - if you can’t hear, safety reasons, comfort, etc. –question of privilege
  - if you see a breach of the rules –point of order
  - if you disagree with the president of the board’s ruling –appeal
  - if you disagree with a call for Unanimous Consent –object
**Order of Precedence of Motions**

The rules are in descending order of importance. A rule higher in the table takes precedence over one lower in the table. Implication is that everything takes precedence over the main motion on the floor.
