         1. YLW registration is open for Nashville; share with YCCs and promote wherever possible.
         2. Doing a collaboration with SA. Since our seminar “ASHRAE Conference Crash Course” is after the Student program at the Winter Conferences, we may be missing out on having Students attend the course. IX. Motions – 9:00 am
   a. SmartStart Weekend (SSW) motion – ATTACHMENT F
      i. For the past few years, we have been discussing this motion with Enrica and Matt (the motion originators) and SA and MP to figure out a path for this SSW idea. The Central New York Chapter held a previous successful weekend. A Members Council Ad Hoc
formed during the 2018 Annual Conference in Houston comprised of SA, MP, and YEA. YEA took the responsibility of creating this motion based upon the successful Regional LeaDRS program that YEA developed in 2013. The intent is to send it to the Regions for them to determine if they’d like to host a SSW. It is not a Society level program.

ii. The intent today is to review the motion, ask any questions and vote on the motion to send to Members Council. Members Council would then vote to send it to the Regions, and the Regions would vote on it at CRCs to decide if they want to host the event and spend the money and time to do so. Could be implemented for the 20-21 SY.

iii. The previous event was held in Region I. It was a 2-day event that included some technical info as well. Feedback from Students was positive; they were appreciative and said the event helped them to determine what path to take after graduation.

iv. Regions XI and XIII have held student programs at their CRC, which is similar to the SSW event.

v. If approved by Members Council, YEA will include information in their YEA workshop webinar.

vi. Moved by Romero, second by Liu. 13-0-0.

b. Our previous motion to update the ASHRAE Rules of the Board as shown below has been approved by SRC and has been implemented. This change no longer prohibits the YEA chair and vice chairs from being over 35.

ASHRAE Rules of the Board
YEA Committee
2.430.002.2 Qualifications
