

HVAC&R FOR A BETTER WORLD

## Memorandum of Understanding ASHRAE and AIRAH

Founded in 1894, the American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE), Atlanta, Georgia serves humanity by advancing the arts and sciences of heating, ventilation, air-conditioning, refrigeration and their allied fields. The ASHRAE vision is a healthy and sustainable built environment for all.

Founded in 1920, the Australian Institute of Refrigeration, Air Conditioning and Heating (AIRAH) represents professionals and practitioners working in the heating, ventilation, air conditioning, and refrigeration (HVAC&R) and building services industries. Our mission is to lead an Australian HVAC&R industry that is highly skilled, safe and sustainable.

ASHRAE and AIRAH agree to support the Memorandum of Understanding to advance and promote the mutual interests of their respective members. We are committed to working together on the following activities and goals:

### CONSISTENT LEADERSHIP COMMUNICATION

Recognizing the importance of communication in organizational collaboration, both organizations commit to hold a liaison meeting annually (either in person or via conference call) of designated ASHRAE/AIRAH senior representatives to:

- Ensure ongoing advancement of collaborative projects.
- Keep each respective organization informed of major initiatives.
- Discuss new opportunities for collaboration.

ASHRAE/AIRAH shall take responsibility for initiating the first annual liaison meeting. Action items with assigned responsibilities shall be recorded at each meeting. The parties responsible for ensuring this MOU is actively pursued through the term of the agreement are:

#### For ASHRAE:

## **CONFERENCES AND MEETINGS**

Each organization agrees to provide the other with a meeting invitation and two complimentary VIP registrations to the primary annual meeting.

ASHRAE and AIRAH agree to explore opportunities to provide speakers at the other organization's meetings to help provide updates and perspectives on technologies and trends of mutual interest.

Where mutually beneficial, each organization shall help publicize the other organization's meetings and promote attendance.

## **CHAPTER COLLABORATION**

ASHRAE and AIRAH agree to coordinate the promotion of joint grassroots meetings of their respective members. Exchange of Chapter/Section leader contact information will be considered as one way to accomplish this objective. AIRAH recognizes that the future ASHRAE Section (pending approval) will be fully volunteer--run; a separate MOU can be developed for AIRAH and the local Chapter once it is established. A Joint Steering Group made up of ASHRAE and AIRAH senior members will be formed to guide the workplan to explore what a partnership could look like, should the Sydney Section pursue Chapter status when eligible in July 2028.

## **ADVOCACY**

Where mutually beneficial and to the extent allowed by laws and corporate policies, ASHRAE and AIRAH agree to work together on common public affairs goals and ideologies. During annual liaison meetings, public affairs strategies will be discussed and common goals identified. Collaborative opportunities to be considered include:

- Joint promotion of codes and standards at the local, state and federal levels.
- Promoting mutually beneficial positions during the development and passage of state and federal legislation.
- Education of legislators on issues important to the members of each organization.

## **PUBLICATIONS**

Recognizing that electronic and print publications are a primary means of disseminating new technologies, trends and practices, ASHRAE and AIRAH agree to:

- Provide at least one complimentary subscription the primary membership periodical to be received at the headquarters location of the other organization.
- Explore opportunities to jointly produce publications of mutual benefit.
- Cross-market each organization's publications where appropriate and with industry standard distributor discounts.
- Use periodicals to promote the other organization's events, publications and other activities.
- Explore mutually beneficial ways to translate publications for member benefit.
- Establishing a structure for offering member pricing on publications, consistent with the AASA agreement.

- Act as a local channel, promoting and selling ASHRAE technical resources and online training products on the AIRAH website. AIRAH would also actively promote these offerings at various AIRAH events.

## **EDUCATION**

As leading providers of conventional and online educational services and in recognition of the vital role professional development has for our respective members, ASHRAE and AIRAH agree to:

- Cross-market educational offerings and the regional, national and international levels.
- Explore opportunities to co-develop new courses or other training programs that take advantage of overlapping and complimentary expertise between ASHRAE and AIRAH.
- Discuss ways that certifications programs can be jointly developed or promoted.
- Collaboration to adapt ASHRAE Standards (e.g., 241 and Guideline 44) and related training for Australia as joint standards and courses.

## **TECHNICAL ACTIVITIES COORDINATION**

ASHRAE and AIRAH agree to foster technical cooperation in areas of common interest by:

- Encourage members in each organization to participate on technical committees and task forces.
- Provide opportunities to participate in and comment on proposed standards, guidelines, policies, and position statements developed on technical subjects as they relate to buildings and community developments.
- Establish liaison representatives to key technical committees where mutually beneficial to do so.

## **RESEARCH**

Recognizing the importance research plays in accelerating the transformation to a more sustainable built environment, ASHRAE and AIRAH agree to:

- Promote research in areas where research results will add to the body of knowledge and support respective Society initiatives.
- Disseminate research results quickly, focusing on high-impact findings.
- Identify opportunities for research funding from other sources.

## **TERMINATION**

Either party may terminate this MOU, with or without stated cause, upon providing the other party with thirty (30) days written notice of intent to terminate.

## **LEGAL STANDING**

This MOU reflects a commitment by ASHRAE and AIRAH to continue and enhance their working relationship and individual efforts toward achieving mutual objectives described above. It does not create a binding obligation or agreement between the two organizations, and neither organization has an obligation to negotiate toward or enter into a binding written agreement. In addition, this MOU does not create a partnership, joint venture, fiduciary relationship or similar relationship between ASHRAE

and AIRAH. Furthermore, it is understood that this Memorandum of Understanding is conceived as a dynamic document, meant to change as circumstances and priorities warrant. It may be modified or amended by written agreement between both organizations.
