

AN INVITATION TO SPONSOR

2022 Building Performance Analysis Conference & SimBuild
September 14-16, 2022 · Chicago, IL

The 2022 Building Performance Analysis Conference & SimBuild, a hybrid conference, will be held September 14-16, 2022 at The Palmer House in Chicago, IL. The expected attendance for this conference is approximately 200 in-person attendees and 100 virtual attendees.

ASHRAE and IBPSA-USA will jointly host the annual Building Performance Analysis Conference & SimBuild for 2022. The theme of the conference, “Better Buildings, Less Carbon: Supporting the Transition to A Clean and Just Climate” focuses on improving the decision-making process through the application of simulation and modeling over the entire building life cycle. Practitioners, vendors, researchers, utility and government officials, and owners will address the practices of energy modeling and building performance simulation using existing simulation tools, software development, and future simulation research and applications.

The anticipated conference program consists of Keynote Speakers, Invited Speakers, a Call for Papers, a Call for Presentations and the eight ASHRAE LowDown Showdown. Special panels may be offered by industry leaders and organizations.

The conference organizers are pleased to offer several sponsorship opportunities to engage industry participation. The sponsorship offsets conferences expenses and provides access to seasoned practitioners and principals responsible for managing modeling services.

All sponsors will have their company logo and name on the event flyer, the conference web site, hybrid conference platform, and recognition during the conference. A summary of the specific benefits of each sponsorship level is provided below.

SPONSORSHIP LEVELS AND BENEFITS	Platinum	Gold	Silver	Bronze	Friend
	\$10,000	\$5,000	\$3,500	\$2,000	\$1,000
