

Instructions for Download on PC

Watch the video [here](#) for download instructions or use the step-by-step PDF guide below.

- Download the zipped file linked in the build notes
- Locate the zipped file in your downloads and unzip it
- Open the unzipped folder with the same name
- Open the folder inside and find *LEVEL_ASHRAE_Project*
- Double click it to launch

- The first time you run the application on **WINDOWS** you may need to give your PC permission to run it
 - On the Windows popup click *More info*
 - On the next popup click *Run anyway*
