ASHRAE’S INVESTORS:
MAKING A DIFFERENCE

2022–23
HONOR ROLL
Dear ASHRAE Members and Friends,

Congratulations to every ASHRAE Member for a fantastic year of contributions to the Annual Research Promotion (RP) campaign!

Under the inspiring theme of "Securing a Future," ASHRAE President Farooq Mehboob’s vision resonated throughout our community, spurring a collective spirit of generosity and dedication. ASHRAE members left an indelible mark on Society through their tireless volunteer efforts, the submission and development of pioneering industry ideas, and their invaluable personal and corporate financial contributions. It is through this shared commitment to giving that ASHRAE continues to stand as a global leader in HVAC&R research.

The cornerstone of our philanthropic efforts, the Annual RP Campaign, has demonstrated its strength once again by raising an impressive **$2.7 million** during the 2022–23 Society year. These funds will be directed towards vital research initiatives, designated education scholarships, and Young Engineers in ASHRAE (YEA) programs, reinforcing our commitment to fostering excellence in our field. I extend my deepest gratitude to every ASHRAE member and corporation who played a role in this remarkable achievement. I would also like to offer a special note of appreciation to the RP Committee for their unwavering dedication in orchestrating a highly successful campaign.

It is crucial to emphasize that it is only through the unwavering support and contributions of each ASHRAE Chapter that we can fund the critical work carried out by our members. We owe our success to the unity and shared vision that binds our community together.

With the momentum gained in the past year, we look forward with optimism to the challenges and opportunities that Society Year 2023–24 will bring. Let us continue to build upon the legacy of giving established in 2022–23, striving for even greater achievements and impacts in our industry.

Once again, I express my sincerest thanks for your enduring support of ASHRAE. Your commitment and dedication are the driving forces behind our accomplishments.

Warmest regards,

Tiffany Bates Abruzzo
Development Committee Chair

2022–23 ASHRAE Investor Honor Roll  
October 2023
ASHRAE RP 2022–23 CAMPAIGN RESULTS

What a great year...

What a great year to be chair of the ASHRAE RP Committee! I have served on the RP Committee for seven years and three more at the chapter level, so I love ASHRAE RP and have seen over the years the direct benefit that this campaign provides to our industry. I am so grateful to be able to end my RP career on a high note. More than 200 RP volunteers raised millions of dollars for our unique technical research program, educational programs, scholarships, and YEA – Young Engineers in ASHRAE – and I couldn’t be prouder. Thank you, Thank you, Thank you!!!

Due to these volunteers and the generous support of our donors, the RP Annual Campaign:

- Raised $ 2.72 million, with over $1.9 million raised for Research alone
- Raised 109% of our $2.45 million goal
- Received more than 3,000 gifts from members, organizations, and other associations
- Was supported by donors to 123 endowed funds to continue the work of ASHRAE in perpetuity
- Helped raise funds for 34 Chapter and Society Scholarships, contributing toward ASHRAE’s educational legacy

I want to thank the numerous companies, including my own, that not only financially support ASHRAE, but also allow their employees to volunteer for ASHRAE during business hours. This generous support helps Society thrive.

The listing by Region and Chapter that follows lists the names of more than 2,000 investors who have made significant financial commitments to RP during the 2022–23 fiscal year. The amazing RP Staff strives to be as accurate and complete as possible. Please accept my sincere apology for any omissions or mistakes, and notify me or the RP staff so we can correct them for future publications.

In addition to the following names, I sincerely would like to thank each and every one of the more than 1,000 investors who made gifts to ASHRAE RP this past year and could not be listed by name on these pages because of space limitations. Every contribution truly makes a difference.

As we continue to build back our fundraising efforts out of the COVID pandemic, we are proud of what we accomplished together with the efforts of our volunteers and supporters. We look forward to achieving even greater success in future campaigns.

Sincerely,

Matt C. Rowe

Many contributions are received by ASHRAE to honor deceased members, business associates and friends. These contributions not only honor these members and associates, but they also support the Society’s mission to advance the arts and sciences of the HVAC&R industry. Those being honored are listed in bold type and the memorial contributors are listed below each honoree.
