ASHRAE RP 2025–26 CAMPAIGN RESULTS

What a year for ASHRAE...

**RP Executive Committee
2025–26**

Haley Goslinga, Chair
La Crosse Area Chapter

Andy Manos, Vice Chair
Long Island Chapter

Kevin Baldwin, Vice Chair
Sacramento Valley Chapter

Kimberly Thompson, Vice Chair
Houston Chapter

Chea Sui Keong, Vice Chair
Malaysia Chapter

**LEGEND FOR RP LISTING
BY REGION:**

Full Circle (Regional): ●

Full Circle (Chapter): ○

What a year for ASHRAE's Research Promotion Campaign. Stepping into the role of RP Chair during a record-setting Society year has been one of the most rewarding parts of my volunteer work. After eight years with RP at the chapter and Society level, I still find myself amazed by how generous this community is, member by member, chapter by chapter.

Thanks to more than 200 RP volunteers and thousands of donors who showed up for this campaign, we crossed \$2.9 M this year, a first in ASHRAE history. Numbers like that don't happen by accident. They happen because people believe in what we're building.

A few highlights from the year:

- **\$2.96 million raised, with the majority going toward research that will shape where our industry heads next.**
- **4,500 gifts from members, organizations, and associations who chose to be part of this.**
- **Strong support for the Scholarship fund, building the next generation of ASHRAE leaders.**
- **Continued growth in the ASHRAE Foundation, which means this work isn't just about this year. It's about the next hundred.**
- **Major commitments from corporate and individual donors, whose leadership sets the tone for what's possible.**

To every volunteer, every chapter, and every single donor: thank you. This campaign runs on your time and your trust, and both are in short supply these days. You gave generously, and it makes a difference.

The pages that follow list the more than 3,300 individuals and organizations who gave during the 2025–26 fiscal year. While not every name can be listed because of space, every donor is deeply appreciated. All contributions, large or small, move this industry forward.

As we head into the 2026–27 campaign, we're doing it with real momentum behind us. Here's to building on what we started this year, together.

With gratitude,

Haley Goslinga

Chair, Research Promotion Committee 2025–26

Many contributions are received by ASHRAE to honor deceased members, business associates and friends. These contributions not only honor these members and associates, but they also support the Society's mission to advance the arts and sciences of the HVAC&R industry. Those being honored are listed in bold type and the memorial contributors are listed below each honoree.
