Constructive comments are invited for the following Public Review Drafts at [https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts](https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts). All activity for reviewing and commenting on public review drafts can be accomplished completely online. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 180 Technology Parkway, Peachtree Corners, GA 30092, or via email at: standards.section@ashrae.org. Note: Paper copies are available for $35.00/copy if 100 pages or less and $45.00 if over 100 pages.

### 30-day Public Review from August 12, 2022 – September 11, 2022

  This proposed addendum revises Sections 4.3.2, 4.3.3, 10.1, and 10.3 to simplify and clarify the compliance process for buildings with energy targets, buildings without energy targets, and residential buildings and dwelling units. It also deletes Informative Annex F and replaces it with new Figures 4-1, 4-2, and 10-1.

  This revision of ANSI/ASHRAE Standard 17-2015 prescribes a method of testing the capacity of electronic and thermostatic refrigerant expansion valves for use in vapor-compression refrigeration systems. This ISC publication public review draft updates references.

### 45-day Public Review from August 12, 2022 – September 26, 2022

  Addendum i (3rd PPR ISC) proposes a change from the second ISC to clarify Table 7.3.4 in response to input received from commenters. Only the table is shown and available for comment.

  This addendum revises the current requirement for the submittal of environmental product declarations within Standard 189.1 to be mandatory for products meeting specific criteria. The section includes a new requirement for reporting the global warming potential contribution for those products within the building project. This addendum also removes UL100 from the list of third-party multiattribute certifications in Section 9.5.1.4 because UL has withdrawn the standard without replacement and discontinued subscriptions.

  This addendum improves the charging language of the Irrigation Section 6.3.1.1. It specifies terms for irrigated landscape during the initial establishment period. Exceptions for this were also edited. This addendum also removes Section 6.3.1.2 because it did not provide the intended requirements. The lettered sections ‘a-d’ of former 6.3.1.2 are then assumed under the revised section 6.3.1.1 and still apply. All other subsequent sections are then renumbered after Section 6.3.1.1.
STANDARDS ACTIONS

INTERIM MEETINGS

A complete listing of project committee interim meetings is provided on ASHRAE’s website at: https://www.ashrae.org/technical-resources/standards-and-guidelines/project-committee-interim-meetings.

- GPC 37, Guidelines for the Application of Upper-Air (Upper Room) Ultraviolet Germicidal (UV-C) Devices to Control the Transmission of Airborne Pathogens, will hold conference calls from 1:00 pm to 3:00 pm (Eastern) on the following dates:
  ✦ September 9, 2022 September 30, 2022
  ✦ October 21, 2022 November 11, 2022
  ✦ December 2, 2022 December 23, 2022
  ✦ January 13, 2023 February 3, 2023
  ✦ February 24, 2023 March 17, 2023
  ✦ April 7, 2023 April 28, 2023
  ✦ May 19, 2023 June 9, 2023
For additional information contact Richard Vincent, Chair of GPC 37 (vincentrl777@gmail.com).

- GPC 44P, Protecting Building Occupants from Smoke During Wildfire and Prescribed Burn Events, will hold a web meeting on August 31, 2022 from 3:00 pm to 5:00 pm (Eastern). For additional information contact Steven Emmerich, Chair of GPC 44 (steven.emmerich@nist.gov).

- SPC 227P, Passive Building Design Standard, will hold webinars from 1:00 pm to 3:00 pm (Eastern) on September 8, 2022. For additional information, please contact Mike Woolsey, Chair of SPC 227 (Mike.Woolsey@swegon.com).

ERRATA

A new errata sheet for the following standard is now available on the ASHRAE website at http://www.ashrae.org/standards-errata.
