PUBLIC REVIEW—CALL FOR COMMENTS

Constructive comments are invited for the following Public Review Drafts at <https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts>. All activity for reviewing and commenting on public review drafts can be accomplished completely online. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 180 Technology Parkway, Peachtree Corners, GA 30092, or via email at: standards.section@ashrae.org. **Note: Paper copies are available for \$35.00/copy if 100 pages or less and \$45.00 if over 100 pages.**

**30-day Public Review from
March 18, 2022 to April 17, 2022**

♦ **1st Public Review of BSR/ASHRAE/ASHE Addendum f to ANSI/ASHRAE/ASHE Standard 170-2021, *Ventilation of Health Care Facilities***

Healthcare facilities often have a mixture of spaces within the scope of Standard 170 and Standard 62.1. Although Standard 170 gives the option to use Standard 62.1 Ventilation Rate Procedure for outdoor air calculation, there is no clear direction on how to calculate the total outdoor air at the system levels for systems serving both 170 and 62.1 spaces. This proposed addendum clarifies how to calculate this. A working group of members from both SSPC170 and SSPC62.1 investigated the use of 4 possible calculations methods and selected the most appropriate method which was tested on 14 actual healthcare projects.
