PUBLIC REVIEW—CALL FOR COMMENTS

Constructive comments are invited for the following Public Review Drafts, which can be accessed on ASHRAE's website at <https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts>. All activity for reviewing and commenting on public review drafts can be accomplished completely online. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 180 Technology Parkway, Peachtree Corners, GA 30092, or via email at: standards.section@ashrae.org.

Note: Paper copies are available for \$35.00/copy if 100 pages or less and \$45.00 if over 100 pages.

30-day Public Review from
September 22, 2023, to October 22, 2023

- **3rd Publication Public Review (Independent Substantive Change) of BSR/ASHRAE Addendum *a* to ANSI/ASHRAE Standard 15-2022, *Safety Standard for Refrigeration Systems***

This third ISC public review draft is in response to a continuous maintenance proposal. The changes do not pertain directly to Section XIII of the Boiler and Pressure Vessel Code. However, SSPC 15 believes that it is better to have all changes to a section in one addendum to avoid confusion. The proposed changes are: 1. Section 9.3.1.1 was modified to make it clear that only one of the three requirements must be met. 2. In Section 9.4.7b, the word "vented" is replaced with "opened" to eliminate any inference that it is acceptable to vent or release refrigerant to the atmosphere (other than de minimis amounts).

45-day Public Review from
September 22, 2023, to November 6, 2023

- **BSR/ASHRAE Standard 185.3P *Method of Testing In-Room Devices and Systems for Microorganism Removal or Inactivation in a Chamber (Second ISC Public Review Draft)***

The purpose of Standard 185.3-202x is to establish a method of test for evaluating in-room air cleaners (IRACs and systems for commercial or industrial consumers for microorganism removal or inactivation in a test chamber.

PUBLICATION NOTICE

The standards and guideline documents listed below are now available for purchase on the ASHRAE website at: <http://www.ashrae.org/published-standards>, or by contacting the Sales Department at: ASHRAE, 180 Technology Parkway, Peachtree Corners, GA 30092. Email: orders@ashrae.org. Fax: 404-321-5479. Telephone: 404.636.8400 (worldwide) or toll free at 1.800.527.4723 for orders in the U.S. and Canada. Addenda may be downloaded for free on the ASHRAE website at: <http://www.ashrae.org/standards-addenda>.

The addenda listed below are now available for free download on the ASHRAE website at: <http://www.ashrae.org/standards-addenda>.

- **ANSI/ASHRAE Standard 41.11-2023, *Standard Methods for Power Measurement***
- **ANSI/ASHRAE/IES Addendum *b* to ANSI/ASHRAE/IES Standard 90.1-2022, *Energy Standard for Sites and Buildings Except Low-Rise Residential Buildings***

INTERIM MEETINGS

A complete listing of project committee interim meetings is provided on ASHRAE's website at: <https://www.ashrae.org/technical-resources/standards-and-guidelines/project-committee-interim-meetings>

- **SPC 240P, *Evaluating Greenhouse Gas (GHG) and Carbon Emissions in Building Design, Construction and Operation***, will hold a web meeting on October 3, 2023 from 1:00 pm to 2:30 pm (Eastern).

For additional information contact Stephanie Reiniche, Chair of SPC 240 (sreiniche@ashrae.org) or Amber Thomas, Administrative Assistant Technology (athomas@ashrae.org).
