Constructive comments are invited for the following Public Review Drafts, which can be accessed on ASHRAE’s website at https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts. All activity for reviewing and commenting on public review drafts can be accomplished completely online. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 180 Technology Parkway, Peachtree Corners, GA 30092, or via email at: standards.section@ashrae.org.

Note: Paper copies are available for $35.00/copy if 100 pages or less and $45.00 if over 100 pages.

**30-day Public Review from**
**September 29, 2023, to October 29, 2023**

This proposed addendum corrects misalignment between ANSI/ASHRAE Standard 15.2 and UL 60335-2-40, Household and Similar Electrical Appliances — Safety — Part 2-40: Particular Requirements for Electrical Heat Pumps, Air-Conditioners and Dehumidifiers to ensure that listed products are correctly installed, which is critical for AHJs, installers, and others. This second public review document includes changes suggested during the first public review, along with continuous maintenance proposals that were received and accepted during the same period. These proposed changes apply to the text of Standard 15.2-2022, as well as Addendum a and Addendum b to Standard 15.2-2022.

This proposed addendum updates Section 6 of the standard to align with changes in Section 5 of the standard and clarify aspects of required documentation that were previously confusing. In particular, Section 6 is now split into 3 sections that provide documentation requirements for Section 5.3, separate from 5.4, and separate from common requirements. An example Excel documentation form has been added, which replaces the example form that was in Appendix K.

Addendum k to Standard 55-2020 proposes changes to the SET code.
Constructive comments are invited for the following Public Review Drafts, which can be accessed on ASHRAE’s website at https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts. All activity for reviewing and commenting on public review drafts can be accomplished completely online. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 180 Technology Parkway, Peachtree Corners, GA 30092, or via email at: standards.section@ashrae.org.

Note: Paper copies are available for $35.00/copy if 100 pages or less and $45.00 if over 100 pages.

30-day Public Review from September 29, 2023, to October 29, 2023

This proposed addendum updates normative references within Standard 100-2018.

This second publication public review independent substantive change draft makes revisions in response to comments received during the first publication public review.

45-day Public Review from September 29, 2023, to November 13, 2023

- BSR/ASHRAE Addendum g to ANSI/ASHRAE Standard 161-2018, Air Quality within Commercial Aircraft (First Public Review Draft)

This proposed addendum updates the references in Sections, 3, 4, 8.3, 8.7, 8.9, 8.10, 11, A4.19, and A.5 with their current publication details. Also, current versions of the references in Addenda b, c, d, and e to Standard 161-2018 have been incorporated. Addenda a through f to Standard 161-2018 are available at no charge on the ASHRAE website at https://www.ashrae.org/technical-resources/standards-and-guidelines/standards-addenda.

ASHRAE Standard 227-202x provides requirements for the design of buildings that have exceptionally low energy usage and that are durable, resilient, comfortable, and healthy.
A complete listing of project committee interim meetings is provided on ASHRAE’s website at: https://www.ashrae.org/technical-resources/standards-and-guidelines/project-committee-interim-meetings.ashrae.org/technical-resources/standards-and-guidelines/project-committee-interim-meetings

• **SGPC 37, Guidelines for the Application of Upper-Air (Upper Room) Ultraviolet Germicidal (UV-C) Devices to Control the Transmission of Airborne Pathogens**, will hold a conference call on the following date and times.

  ⇒ October 12th, 2023 from 10am – 12pm (Eastern)
  ⇒ October 26th, 2023 from 10am – 12pm (Eastern)
